Bulletin

!YOU ARE INVITED! Citizen Schools welcomes and encourages everyone to come for an exciting program experience; to see exactly what goes on in the day and the life of our students. This will give all the teachers, staff, and students a better view of what Citizen Schools has to offer. Feel free to talk to any of our staff about a particular program element in which you would like to view.

Shout out to: **Mr. Cerny** for valiantly helping with the career faire on an extremely short notice.

Riddle me this:

I am the black child of a white father; A wingless bird, flying even to the clouds of heaven. I give birth to tears of mourning in pupils that meet me, and at once on my birth I am dissolved into air.

Send your answers to Devin C. White at:

devinwhite@citizenschools.org or come to the office and try your luck. First correct answer wins a prize!

Weekly Snapshot

Math League – We are working on real numbers, percentages, and ratios with our students. We had a 47.05% mastery of the last lesson that we completed last week.

Apprenticeships – Our Apprenticeship Faire will be held this week Tuesday and Wednesday from 4:00pm – 5:30pm, feel free to come by and see what projects we will be working on this semester. Contact Myranda Bridges as soon as possible at myrandabridges@citizenschools.org if you would like to assist an apprenticeship faire presenter.

College and Career Connections – In the next few weeks will continue our exploration of college and careers; specifically focusing on the cost of living and the effects education has on income. We are in the beginnings of planning a field trip to New Mexico State University. Tentatively, we are considering going the week before Spring Break, Thursday April 12th. This would be a full day trip for all Citizen Schools students. Please let us know if you have any thoughts or foresee any conflicts.

Calendar Highlights:

Ongoing Program Elements:

Apprenticeships: 4:00 - 5:25pm

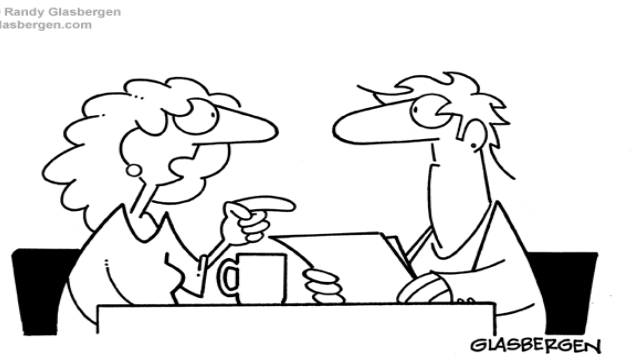
Tuesday:	Wednesday:
Boxing	Cultural
Community	Skating
Rescue	Sewing
Gardening	Healthy Cooking

Events:

Thoughts on Thursday April 12th to have a field trip for the students to go to NMSU. This would require them missing the school day. Please contact Devin C. White at:

devinwhite@citizenschools.org

Feel free to come and help or watch!



"Your advice is very important to me, so I wrote down exactly what I want you to say."
